

Cable Preparation Tools

Strips Cable with Precision

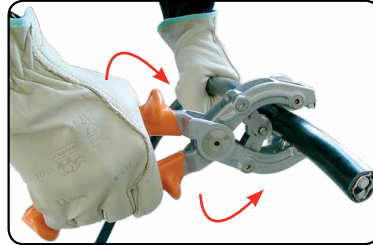

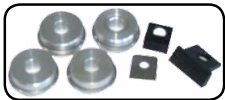

Cable Strippers

Part No: PBT Series

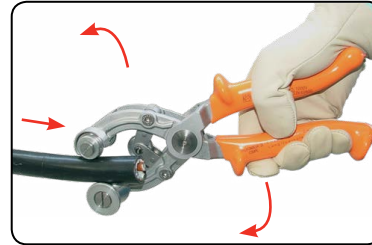

- Plier type strippers, circular/longitudinal cutting with end ripping blade
- Replaceable cutting blades

Replaceable Blades

KIT A : Set of 4 Blades + Claw Blade

Circular Cut

Lengthwise Cut

Stripping of Sheath

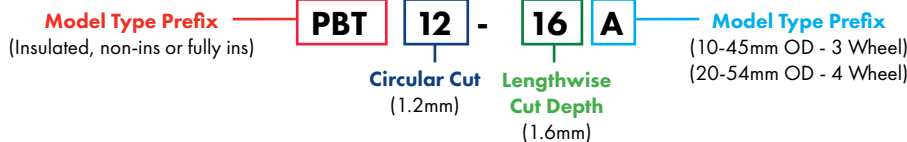

Three Styles Available:

Image			
Model Prefix #	PBT	PBT.I	PAD
Details	Insulated model 1000V EN60-900 for live low voltage work	Fully insulated model 1000V EN60-900 for live low voltage work	Non-insulated model, black sheathed

Two Models Available:

Image		
Model Suffix #	A	B
Max Ø (mm)	10-45	20-54
Circular Cutting Blades #	3	4
Lengthwise Cutting Blade	1	1

Wheel cutting depths from 0.5 to 5.0mm, specify wheel cutting depth required. The cutting depths are identified by the part number in the following way:

Examples:

PBT-12-16 A : Insulated model A stripping pliers 1000V EN60-900, orange covered, 1.2mm circular and 1.6mm lengthwise cut
 PAD-28-32 B : Non-insulated model B stripping pliers, black covered. 2.8mm circular and 3.2mm lengthwise cut

Part No	Length (mm)	Capacity (mm) OD	Wt	Part No	Length (mm)	Capacity (mm) OD	Wt	Part No	Length (mm)	Capacity (mm) OD	Wt
PBT12-16A	290	10-45	750g	PBT20-20B	290	20-54	730g	PBT40-40B	290	20-54	770g
