

Battery Ratchet Cutters

ACSR Ratchet Cutter

Part No: ESGR54L-ACSR -K (2x batteries + 1x charger)

Part No: ESGR54L-ACSR (Skin only)

- Designed for over head distribution, substations & transmission conductors
- Guide to prevent blade separation damage
- Cuts ACSR to 26mm & Al to 38mm OD
- Well balanced & compact design
- Overload protective system
- Forward/Reverse function
- One handed operation
- LED battery indicator

Cutting capacity	26mm OD - 38mm OD
Weight	3.7kg
Blade opening	54mm

Cu/Al Ratchet Cutter

Part No: ESGR60L-K (2x batteries + 1x charger)

Part No: ESGR60L (Skin only)

- Designed for underground cutting applications of non armoured Cu/Al cables
- Guide to prevent blade separation damage
- Well balanced & compact design
- Overload protection system
- Forward/Reverse function
- One handed operation
- LED battery indicator

Cutting capacity	CU 630mm ² - Al 800mm ²
Weight	3.5kg
Blade opening	60mm

MAKITA 18V 3.0Ah Li-ION BATTERY

Part #: BL1830-L

- Built in shock absorbers protect the battery
- Charge anytime without effect on the battery life
- Provides longer life and greater work volume than Ni-MH / Ni-cd

MAKITA RAPID CHARGER

Part #: DC18RC

- Built-in CPU - gathers information from memory chip to determine optimum charging method
- Digital power display identifies the condition of the battery and charging condition
- Forced air cooling fan
