

Transformer Containment Bags - Part No. Changeover - ABG

Bigger & Stronger Safety Orange Transformer Containment Bags

Safely Contain, Lift, Transport & Store all sizes of LEAKING TRANSFORMERS

New & improved, bigger, stronger BOB® Pole and Pad-Mounted Transformer Bags are replacing our original, patented, white Pole & Pad-Mount transformer containment bags.

- Helps to reduce preventable spills that release unwanted oils into the environment
- Easy to store on truck solution for safe transport and storage of faulty transformers
- Reduce costs of transporting large steel containers, contract crews pumping and draining transformers, as well as the cost to clean up leaks

PREVENT OIL SPILLS INTO THE ENVIRONMENT

- New full sling design makes BOB® incredibly STRONG & SAFE.
- Lifting loops form one continuous sling with a bottom cross-webbing design for lift reinforcement.
- BOB® is a SAFETY RATED SLING BAG
- Tested to hold 6 times its rated capacity
- BOB® containment bags are bigger to accommodate today's larger high efficiency transformers.
- Oil-Filled Equipment return tag with zip tie supplied inside the heavy duty document pouch.
- QR code on every bag to scan for a "How To Use BOB®" Video. Learn how to safely use the bag in the field with a smart phone
