

Fixed Joints

Tesmec Fixed Joints

Connectors are specifically designed to connect pilot rope lengths or pulling rope lengths to pass over puller or puller-tensioner bull wheels. The special profile minimises the overload on the rope spliced eyes during this action.

- Made from highly tensile steel with a galvanised finish

Part No	Suits Rope	Breaking Load	Weight
GFT001	>10mmOD	70kN	0.1kg
GFT010	>13mmOD	110kN	0.3kg
GFT020	>16mmOD	160kN	0.5kg
GFT030	>18mmOD	220kN	0.8kg
GFT040	>24mmOD	360kN	1.0kg
GFT050	>32mmOD	750kN	3.0kg
